## BOTANICAL EXTRACT SHAMPOO

Youngevity's® new "Triple Molecular Adhesion" process now makes treating the hair from the inside out possible! The sub-organic micron particle ingredients in our extraordinary new formula combine with our proprietary processing method to rejuvenate not only the hair follicle but also the hair shaft. With our exclusive, plant-derived colloidal copper-enhanced formula, your hair looks and feels fantastic and you can finally be assured of receiving vital vitamins and minerals necessary for strong, healthy, and vibrant hair. Invision™ Botanical Shampoo uses all-natural surfactants. Wheat protein repairs damaged hair and Coco Glucoside provides a natural re-fattening agent to the scalp as well as provides sheen to the hair.
